New Suntuf™ Diffused.

Suntuf™ has been New Zealand's number one polycarbonate roofing choice for 25 years, thanks to Suntuf's durability and protective barrier against wind, rain, hail and sun, providing 99.9% UV resistance. It's virtually unbreakable. Now, Suntuf Diffused brings the benefits of Suntuf with the added reassurance that glare from the bright sun is a thing of the past. Enjoy light without the glare with Suntuf Diffused.

- Allows both light and privacy
- Attractive, modern style
- 99.9% harmful U.V. protection
- Very strong and virtually unbreakable

Available from leading building merchants.
